Model shown is a Transit Courier Limited Van in Metal Blue special metallic body colour (option) with 15" 5-spoke alloy wheels (standard).

Model shown is a Transit Courier Kombi Leader in Race Red solid body colour with 15" steel wheels with black centre caps (standard).

An easier way to work.

New Transit Courier helps to make your working day easier. Whether you're nipping through side streets or grabbing the space that others just can't squeeze into, it's one of the most agile vans around.

But don't be fooled by new Transit Courier's city-friendly dimensions. It may be the most compact van in our range, yet it certainly packs a lot in. Inside you'll find generous levels of equipment, comfort and versatility, with advanced features available including a rear-view camera, parking distance sensors and Ford SYNC 3 with Voice Control that lets you make and receive phone calls hands-free.

Front and rear parking distance sensors

An audible warning helps you judge the distance between your van and obstacles at the front and back, for easier parking and manoeuvring. (Optional across the range except rear sensors which are standard on Limited)

SYNC 3 with 6" touchscreen

Helps to keep you entertained and in touch while on board, all controlled via the touchscreen or through remarkably simple voice commands. (Option, standard on Limited, Satellite navigation optional across the range)

6-speed transmission

New Transit Courier now comes with a smooth-shifting 6-speed manual transmission for more relaxed and economical driving. (Standard)

Model shown is a Transit Courier Limited in Metal Blue special metallic body colour (option).

Work space.

Everything you need to make your job easier.

New Transit Courier is hugely accommodating – and not just for your cargo. In the cab, you'll find comfortable seats, a fully-adjustable steering column and plenty of storage right where you want it. Plus, a host of thoughtful features to help make your working day easier.

To keep you entertained and informed, you'll love the easy-to-use interface of Ford SYNC 3 (option on Leader and Kombi, standard on Trend, Limited and Sport). Its enhanced voice recognition responds to your commands, while a 6" colour touchscreen displays phone, audio and navigation (option) with intuitive swipe and pinch-to-zoom functionality.

Spacious centre console

New Transit Courier boasts plenty of handy stowage, including a centre console, which can hold A4-sized documents and small laptops. (Standard)

Underseat stowage drawer

A handy stowage drawer beneath the front seat is large enough to hold an A4 clipboard, tablet or a laptop computer. (Standard on Van Trend, Limited and Sport)

Model shown is a Transit Courier Limited in Metal Blue special metallic body colour (option) with SYNC 3 with navigation (option).

Smart loadspace.

Generous space, easy access.

New Transit Courier Van makes light work of almost any job, with 2.3 cu.m* of loadspace and a payload of between 519 kg and 595 kg dependant on series†. With the bulkhead fitted, the sliding side door opens to reveal a 453mm aperture, so you can access the space with ease.

- Folding mesh bulkhead with fold-and-dive passenger seat expands the cargo space right up to the dashboard so you can carry items up to 2593 mm** in length (optional on Leader,Trend and Limited, not available on Sport Van)
- Sidewall-mounted tie-downs keep the load floor free from obstructions (standard)
- LED load compartment light helps loading and unloading after dark (option on Van, not available on Kombi)

**Measured in cubic metres in accordance with SAE J1100: Motor Vehicle Dimensions.*
***Extended length available for Van only. †For more information on payload please refer to weights and loads section.*

Clever thinking.

To make the most of its generous space, twin asymmetric rear doors are standard. Opening to an angle of up to 158 degrees, they offer unrestricted access to new Transit Courier's load area.

Bulkhead options

A range of full-height, full-width DIN- and ISO-compliant bulkheads (glazed or unglazed) are available, depending on bodystyle and series. A folding mesh bulkhead with fold-and-dive passenger seat is also available for extra versatility (optional on Trend and Limited, not available on Sport Van).

Truly versatile.

Carry up to 5 people with new Transit Courier Kombi.

Need to carry people as well as cargo? Then look no further than the versatile new Transit Courier Kombi. With comfortable seating for up to five, it's easy to transport a crew and their tools or equipment. Once on site, fold and tumble the rear seats and you have a roomy and capable van, ready for even the toughest day's work.

Flexible seating

With the rear seats folded and tumbled, Transit Courier Kombi offers a generous 1.65 cu.m* of hardworking space.

**Measured in cubic metres in accordance with SAE J1100: Motor Vehicle Dimensions.*

Model shown is a Transit Courier Kombi Leader in Blazer Blue body colour (standard) with 15" steel wheels with black centre caps (standard).

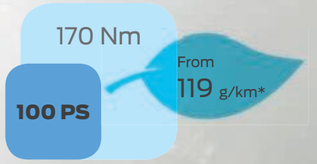
Choose the engine that's right for you

Petrol or diesel? We've made both options equally tempting.

The new Transit Courier looks out for you and your budget. Driven by our latest generation of engines, including our multiple award-winning 1.0L Ford EcoBoost petrol, it's equally frugal nipping around town or on the open road. What's more, it comfortably meets the latest Euro Stage 6.2 emissions regulations, with CO_2 emissions (test figures) from just 112 g/km*.

Designed to reduce fuel consumption and emissions, all versions are available with standard Auto Start-Stop, while our Duratorq TDCi diesel engines additionally feature an Active Grille Shutter (standard) for enhanced aerodynamic performance and efficiency.

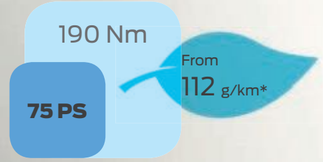
**NEDC Calculated Drive Cycle test figures for Transit Courier SERIES Trend with 100 PS Duratorq TDCi diesel engine. For more information, please see Fuel and Performance section.*



Efficient

1.0L Ford EcoBoost petrol engine

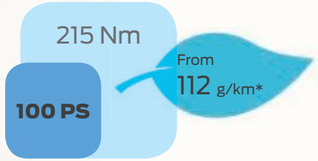
Our latest multiple award-winning petrol engine delivers an impressive blend of efficiency and performance. Compact, lightweight and refined, it helps new Transit Courier to return fuel economy for a petrol engine.



Balanced

1.5L Duratorq TDCi diesel engine

The Duratorq TDCi 75 PS (56 kW) diesel engine strikes a great performance balance. It delivers flexible power and capable torque, coupled with low emissions and fuel consumption.



Powerful

1.5L Duratorq TDCi diesel engine

The new Duratorq TDCi 100 PS (75 kW) diesel engine develops 215 Nm of torque. This makes it the ideal choice for enhanced performance and carrying heavy loads, while delivering fuel efficiency (test figures from 65.7 mpg (4.3L/100 km)* combined).

Meet your phone's new best friend.

Ford SYNC 3

New Ford SYNC 3 integrates seamlessly with compatible smartphones*, letting you control everything from phone calls and text messaging, to music, navigation (option) and your favourite mobile apps – all via the 6" touchscreen (standard on Limited) or by using remarkably simple voice commands. A 4" non-touch display is also available. (Option on Leader and Kombi, standard on Trend and Sport)

SYNC 3 features

- Make and receive calls hands-free
- Listen to text messages
- Easy voice-guided navigation (option)
- Listen to your own music (link to Spotify)
- Touchscreen interface (6" screen) (option, standard on Limited Van)
- Colour screen (4" screen) (standard on Trend and Sport Van)
- Access your favourite mobile apps

Touchscreen

The SYNC 3 6" touchscreen supports multi-touch swipe and pinch-to-zoom gestures, and lets you arrange application icons and background displays as you would on your tablet or smartphone. You can also switch between daytime and night modes, and tailor presets for multiple users. (Standard on Limited Van)

AppLink, Apple CarPlay and Android Auto

Control SYNC-compatible apps with AppLink, while Apple CarPlay and Android Auto let you navigate your smartphone HMI through the SYNC 3 home screen, as if it were your handset.

Main image shows Transit Courier Limited with SYNC 3 and 6" touchscreen. (Standard on Limited, option on other series)

***Note** Full SYNC 3 smartphone integration only available with iPhone 5/Android 5.0 (Lollipop) or higher. Some SYNC 3 functions require a data connection, so mobile data charges will apply. To check whether Apple CarPlay and Android Auto are available in your market, please check official Apple CarPlay and Android Auto websites for the latest information.*

Features to make your life easier.

Overhead stowage shelf

Practical overhead stowage shelf helps you to keep items easily accessible throughout the working day. (Standard on Trend, Limited and Sport Van)

Cruise control with Adjustable Speed Limiter

Cruise control lets you set the pace, while the Adjustable Speed Limiter allows you to set a maximum speed to avoid inadvertently exceeding the speed limit. (Standard on Van Limited, option on other series)

Electrically-operated front windows

For extra convenience, new Transit Courier's electrically-operated front windows feature one-touch lowering on the driver's side. (Standard on Van Trend and Sport, and Kombi), one-touch lowering driver and passenger side is standard on Limited.

Ford Easy Fuel capless refuelling system

A unique safeguard ensures nobody can accidently fill up with the wrong fuel. Plus, no dirty fuel caps to touch. (Standard)

MyFord Dock

Designed to hold your smartphone, MP3 player or navigation device. Stream your music through the car's speakers via Bluetooth® or using a USB cable connected to the My Connection Radio. Lidded compartment provides storage for your device and contains a charge-only USB socket. (Standard on Van Leader and Kombi)

SYNC 3 with 4" colour display

New 4" embedded colour display lets you access SYNC 3 features using rotary buttons located beneath the screen or via simple voice commands. (Standard on Van Trend and Sport)

SYNC 3 with 6" colour touchscreen

Displays phone, audio and mobile apps, with swipe and pinch-to-zoom functionality, and enhanced voice recognition. Use Live Traffic with the FordPass app to help avoid congestion, free for 2 years following registration. (Standard on Limited, option on other series) SYNC 3 is also available with navigation (option).

Tyre Pressure Monitoring

Allows you to monitor tyre pressure while on the move. System is designed to alert you if it detects that a tyre's pressure is too low, such as in the case of a puncture. (Standard on Kombi, option on other Van series)

Accessories.

Alloy wheels

A selection of 15" and 16" alloy wheels are available. (Accessory)

Locking wheel nuts

Set of four locking wheel nuts to help protect wheels against theft. (Accessory)

Thule®+ Professional roof attachments

Provides maximum flexibility to suit most transportation needs with modular attachments, such as sliding ladder holder, load stops, roller, eye bolts and ratchet tie-down straps. (Accessories)

Brink®+ tow bar

For extra transport and stowage capability, the tow bar can tow up to 895 kg* depending on engine. Check with your Ford Dealer for further details. Both detachable and fixed tow bars are available. (Accessory)

Mud flaps

Contoured mud flaps help to protect the bodywork of your Transit Courier from stone chips and road spray. Available as sets for front and rear. Excludes Sport model. (Option and Accessory)

Rear window protection grille

High quality window grilles help protect your load from theft. Fixes to the inside of rear windows. (Accessory, option for Van and not available on models with liftgate)

ClimAir®+ wind deflectors

Reduces wind turbulence and noise, allowing you a more enjoyable drive with the front windows down, even during light rain. (Accessory)

Xvision+ parking distance sensors

Make parking easier each and every day. The Xvision system detects solid or non-solid objects, such as bushes. It also detects pedestrians, animals and low objects, giving you peace of mind when manoeuvring in busy areas. (Accessory)

+Item covered by third party supplier's warranty, please see back cover for details.

Fitment of accessories may have an impact on your vehicle's fuel consumption.

**Towing capacity depends on engine and vehicle series, please refer to vehicle weight and load specifications.*
For more information on accessories for your Ford Transit Courier visit www.ford.co.uk/accessories
For a range of Ford branded items – from clothing to lifestyle products – visit www.fordlifestylecollection.com

Safety and driver assistance.

Across the new Ford Transit Courier range, a full line-up of features* makes use of the latest technology designed to protect you, your passengers and your cargo.

- Driver's airbag (standard) and front passenger's◊ airbag (standard on Kombi)
- Driver's and front passenger's side impact airbags (standard on Kombi, part of an option on Van)
- Side curtain and side thorax airbags (standard on Kombi, not available on Van)
- Knee protector airbag (option on Kombi, not available on Van)
- DIN- and ISO-compliant side-mounted tie-down points to secure cargo (standard)
- Electronic Stability Control and associated features (standard)
- Remote central double-locking (standard)
- Engine immobiliser (standard)
- Driver's seat belt minder (standard) and front passenger's seat belt minder (standard on Kombi)

Driver assistance

Hill Start Assist

Designed to temporarily prevent you from rolling down a slope when you move your foot from the brake pedal to the accelerator pedal. It works in forward and reverse gears, so is ideal for towing and pulling heavy loads. (Standard)

Emergency Brake Assist

Designed to recognise an emergency braking situation and increase the pressure within the braking system to provide extra stopping power. (Standard)

Emergency Brake Warning

Front and rear indicators automatically flash during heavy braking, giving other drivers advance hazard warning. (Standard)

Traction Control

If wheel slip is detected at low speed, this system can distribute more torque to the wheel with most traction. (Standard)

Roll Stability Control

Designed to identify a potentially dangerous driving situation and activate the ESC to restore stability. (Standard)

Trailer Sway Control

When the system recognises that a towed trailer is starting to sway, it reduces engine torque and applies the brakes to lower the speed and help maintain stability. (Standard)

**Availability according to model. Some features are options at extra cost. See specifications for further details.*

◊Note: A rear-facing child seat should never be placed in the front passenger seat when the Ford vehicle is equipped with an operational front passenger's airbag.

Our business is to keep your business moving.

FORD **BUSINESS SERVICE**

Efficiency, accuracy and convenience are at the heart of the Ford Transit24 commercial vehicle service promise. Therefore, whether it is servicing, maintenance or repair you need, be sure to come and see us.

- Available from all Transit Centres and Transit Service dealers
- While-you-wait servicing by prior appointment
- Late night servicing available at least once per week
- Priority treatment for urgent repairs
- Vehicle off the road repairs (VOR)*
- Collection and delivery**
- Testing and MOTs
- Transparent pricing
- Genuine Ford parts quality
- Ford-trained technicians
- Interim checks for optimum vehicle performance
- Service Activated Roadside Assistance†
- Ford Protect packages to suit you
- One Call to access all the Ford services you need

For more information and to find your nearest participating Ford Commercial Vehicle Dealer, visit the aftersales support section at **www.ford.co.uk/transit24**

Commercial Vehicle Finance

When it comes to financing your Ford Commercial Vehicle, our size and expertise means we're well placed to provide you with a wide range of finance products.

Ford Credit[@]: Provides a range of finance plans for Commercial Vehicle customers interested in owning their vehicle.

Ford Lease[◊]: Specialises in contract hire and leasing and provides an alternative range of finance plans which can be tailored to suit your business.

FORD **PROTECT**

Commercial Extended Warranty

Extend your warranty up to 5 years (from date of registration), with Ford Protect available at participating Ford Dealers.

Extend your standard 3-year warranty and enjoy worry-free motoring for many years to come. Ford Protect provides a range of key benefits including:

- Extended duration and mileage
- Cover against unexpected repair costs
- Protection on trips abroad
- With a Ford Protect Plan, the price of parts and labour are guaranteed for the length of your plan
- Helps prolong the lifespan of your Ford vehicle

Helps protect your vehicle resale value

Ford Protect terms and conditions apply for further information please call 03702 416 726.

*Repairs will start on the same working day (as long as you bring your vehicle in before 3pm), or at least within 24 hours of its arrival. If we need to order parts, we'll begin work the day they're delivered. 'Vehicle off road' repairs should be completed within 24-hours.

**Your Transit Centre can arrange to collect your vehicle and deliver it back to you after service or repairs, so you can get on with running your business. By arrangement and limited to a specific mileage radius of the dealer. Contact your local dealer to discuss your requirements.

†Available at participating Dealers only. Roadside Assistance is activated automatically at every routine service with coverage extended valid from the date of service for 12 months, or until the next service is due, whichever comes first. See Ford.co.uk/roadsideassistance for more information.

Get the most from your new Ford

We want to help you get the most from your new Ford. And to do that, you need to know how much it is designed to safely carry, both in terms of payload and load volume. Your Ford Commercial Vehicle Dealer can provide professional advice on important specification aspects, and help to find the right van for your budget and business needs.

The new Ford Transit Courier is designed to carry cargo – and lots of it.

Choosing a new van is an important decision with lots of factors to be considered. While some aspects, like selecting the most appropriate derivative, identifying the intended primary use and determining load box size are relatively simple, others, such as calculating payload are more complex.

Payload capacity

To calculate payload, you need to know two things: the vehicle's gross vehicle mass (GVM) and its kerb mass.

Gross Vehicle Mass (GVM)

GVM is the maximum permissible weight of the vehicle when loaded and ready to go – that includes the weight of the vehicle itself, ancillaries, driver and crew (assuming the industry standard weight of 75 kg/person), fluids, fuel tank 90% full (1 litre of diesel = approximately 0.85 kg), optional and aftermarket equipment, and cargo.

Kerb Mass

Kerb mass is the weight of a standard-specification Base series vehicle, including fluids and fuel tank 90% full, but without the driver, crew or cargo. If you intend to load the vehicle close to its maximum capacity, it is recommended that you add a margin for error of 5% of the GVM to the kerb mass figure before calculating payload, to reduce the risk of overloading.

Payload is the difference between the two.

Gross vehicle mass minus **kerb mass = payload**

Gross Train Mass (GTM)

Gross train mass is the total permissible all-up weight of a vehicle, together with its trailer and load.

So to help you choose the right vehicle for your needs, here are some more detailed explanations about the factors that can influence a vehicle's payload. These include, but are not limited to:

Driver and crew

We calculate the weight of the driver and crew based on the industry-standard weight of 75 kg/person. Remember that the driver and crew are not included in the kerb mass figure, so when a driver or crew boards the vehicle, its payload will be reduced accordingly.

Factory-fitted options

Most factory-fitted options will affect a vehicle's payload. For example, air conditioning can add approximately 13 kg to a vehicle's weight, and therefore reduce its payload accordingly.

Series

All kerb masses quoted in this brochure are for standard-specification Base series models without a spare wheel. Trend series models will generally weigh more than Base series due to the increased level of features and equipment.

Manufacturing tolerances

Variations in manufacturing and production processes mean that no two vehicles are likely to weigh exactly the same.

Accessories and aftermarket conversions

It is important to think carefully about what to do with your vehicle after you take delivery. Any accessories fitted or aftermarket conversions to the vehicle may adversely affect its payload. Please speak to your Ford Commercial Vehicle Dealer for more information and advice.

If payload is critical to your business, or if you plan to carry cargo at, or close to, the vehicle's maximum capacity, your Ford Commercial Vehicle Dealer can help. Using their specialist expertise and knowledge, they can advise you on the exact specification of vehicle required to meet your individual business needs.

Note Technical information for vehicle converters can be found online via the Body and Equipment Mounting Manual at www.etis.ford.com ; go to >information >>vehicle conversions.

Configure your van to suit your job

Ford Commercial Vehicles are available with a wide range of standard and optional features. Your Ford Commercial Vehicle Dealer can help you ensure that you specify the right vehicle features for your specific business needs, including technical items to aid aftermarket fitment of specialist equipment or conversion.

Weights, loads and performance

Fuel, performance and emissions

The test used to establish fuel consumption and CO_2 figures has changed to deliver results that are more representative of real life driving. The Worldwide Harmonised Light Vehicle Test Procedure (WLTP) has replaced the old NEDC test. For passenger vehicles (such as the Transit Courier Kombi), the Fuel Consumption figures shown are derived from the new WLTP test. However, until 6th April 2020, the CO_2 figure shown for passenger vehicles will be the NEDC equivalent and this will be used to calculate Vehicle

Excise Duty. For Commercial vehicles, both the Fuel Consumption and CO_2 figures shown will be NEDC equivalent.

The table below shows the fuel consumption and CO_2 emissions for each available engine when fitted on a standard specification vehicle (with no options or accessories). Adding options or accessories to your chosen vehicle can impact WLTP fuel consumption and CO_2 emissions. Please speak to your Ford dealer for more information.

The fuel consumption you achieve in real life conditions and CO_2 produced will depend upon a number of factors including any options and/or accessories fitted, variations in weather, driving styles and vehicle load.

								Fuel consumption in mpg/(L/100km)[20] NEDC equivalent (with no options)			WLTP (with no options)[20]
	Euro Stage	Gross payload[a]	Gross vehicle mass (kg)	Kerb mass (kg)•	Axle ratio	Max. GTM (kg) with quoted axle ratio	CO_2 emissions (g/km)[20]	Urban	Extra Urban	Combined	Combined

[a]Payload = Gross vehicle mass, less kerb mass. All kerb masses quoted in this brochure are subject to manufacturing tolerances. Kerb mass is affected by many factors such as bodystyle, engine and options, its is the weight of the standard specification model which will vary by series. Models with a greater kerb masses have a lower payload due to the increased amount of standard equipment. Any additional options specified on the vehicle will reduce the payload accordingly. •Represents the range of kerbweight (dependant on series) assuming full fluid levels and 90% fuel levels, but without driver, crew, cargo or options.

[20]The declared Fuel/Energy Consumptions, CO_2-Emissions and Electric range are determined according to the technical requirements and specifications of the European Regulations (EC) 715/2007 and (EU) 2017/1151 as last amended. Light Duty Vehicles type-approved using the World Harmonised Light Vehicle Test Procedure (WLTP) have Fuel/Energy Consumptions and CO_2-Emission information for both New European Drive Cycle (NEDC) and WLTP. WLTP is a new, more realistic test procedure for measuring fuel consumption and CO_2 emissions and will fully replace the NEDC latest by end of the year 2020. The applied standard test procedures enable comparison between different vehicle types and different manufacturers. The applied standard test procedure enables comparison between different vehicle types and different manufacturers. In addition to the fuel efficiency of a car, driving behaviour as well as other non-technical factors play a role in determining a car's fuel/energy consumption, CO_2 emissions and electric range. CO_2 is the main greenhouse gas responsible for global warming. A guide on fuel economy and CO_2 emissions which contain data for all new passenger car models is available at any point of sale free of charge or can be downloaded under http://carfueldata.dft.gov.uk.

Dimensions

		Transit Courier
A	Overall length	4157
B	Overall width without mirrors	1764
B	Overall width with mirrors/folded	2112/1991
C	Overall height (unladen, without roof rails)	1770
D	Front overhang	819
E	Wheelbase	2489
F	Rear overhang	849
G	Side door entry width (with bulkhead/without bulkhead)	453/601
H	Rear door opening width below belt	1104
I	Loadspace width between wheel arches	1012
J	Rear door opening height	1100
K	Loadspace width	1488
L	Side door opening height	1044
M	Loadspace height floor to roof	1244
N	Loadspace length behind bulkhead (at floor)	1620
O	Loadspace length behind bulkhead (laden to belt line)	1358
O	Loadspace length with folding mesh bulkhead (passenger seat folded)	2593
P	Loading height (unladen)	564
Q	Front track	1494
R	Rear track	1482
S	Ground clearance	179
T	Cargo volume Van (m^3) VDA/SAE	1.9/2.3
T	Cargo volume Van (m^3) with flexible bulkhead VDA/SAE	2.4/2.6
T	Cargo volume Kombi (m^3) with 5 seats VDA/SAE	0.7/1.0
T	Cargo volume Kombi (m^3) with second row seats folded VDA/SAE	1.7/1.9
	Additional information	
	Interior – Front	
	Effective headroom	1152

Illustrations, descriptions and specifications. This catalogue was correct at the time of going to print. However, Ford policy is one of continuous product development. The right is reserved to change specifications, colours and prices of the models and items illustrated and described in this publication at any time. For the latest details always consult your Ford Dealer. **Optional equipment**. Throughout this publication, wherever a feature is described as being an 'Option' or 'Option Fitment/Pack' etc, you should assume that it will be at extra cost to the base vehicle, unless specifically stated to the contrary. All models and colour combinations are subject to availability. **Note**. Some images portrayed are of a pre-production model and/or are computer generated, therefore, the design/features on the final version of the vehicle may differ in various respects. In addition, some of the features shown on the vehicles may be optional. **Note**. This brochure contains both original Ford accessories as well as a range of products from our suppliers. Fitment of accessories may have an impact on your vehicle's fuel consumption **+**The identified accessories are carefully selected third party supplier branded accessories which do not come with a Ford warranty but are covered by the third party supplier's own warranty, the details of which can be obtained from your Ford Dealer. **Note**. The Bluetooth® word mark and logos are owned by the Bluetooth SIG, Inc. and any use of such marks by Ford Motor Company is under licence. The iPod word mark and logos are the property of Apple Inc. Other trademarks and trade names are those of their respective owners. **Note**. Some driver assistance features and safety features described in this brochure are designed to function using sensors, whose performance may be affected under certain weather or environmental conditions.

The Government fuel figures do not express or imply any guarantee of the fuel consumption of any particular vehicle. The vehicles themselves have not been tested and there are inevitably differences between individual vehicles of the same model. In addition, a vehicle may incorporate particular modifications. Furthermore, the driver's style and road and traffic conditions, as well as the extent to which the vehicle has been driven and the standard of maintenance, will affect its fuel consumption. **Insurance groups** are only as recommended by the Association of British Insurers. You should always consult your insurance adviser for confirmation.
